Maya Organic
SKINCARE SCHOOL

Welcome to **BASIC** **CERTIFICATE IN HAIR CARE** **FORMULATION**

This course helps you create your own unique set of natural hair care products that friends and families will love to buy and use.

We have Empowered over 100 hair care formulators with formulating skills that can withstand the global market and make impact in the hair care industry.

In this course, we will be showing you in step by step on how to formulate your range of organic hair products.

Maya Organic
SKINCARE SCHOOL

Our Training Objective

Our Focus is to teach in a step by step guide how to design, formulate and create your product range; this covers-

- Anatomy of the human hair - Hair types, growth stage, and Hair Enemies.
- You will learn how to Write and evaluate formulations from scratch with our having to copy and paste other people's formulas.
- Understanding proper hair routine that can promote blood circulation around the follicles.
- Understanding good manufacturing practice for your mini home lab, ingredients, and suppliers list.
